

# MOBILIS<sup>®</sup>

||||| DataCapture

**BUILT TO PROTECT**  
**DESIGNED FOR PRODUCTIVITY**  
**ENGINEERED TO REDUCE MAINTENANCE COSTS**

**WE MANUFACTURE SMART AND FAST CHARGING  
SOLUTIONS FOR *YOUR DEVICE***

**PRODUCTS GUIDE**

# MOBILIS®, A FRENCH COMPANY

## SINCE 1993,

we design and manufacture **protective cases, luggage** and **accessories** to protect and transport mobile computing devices.

## 2025 KEY FIGURES

**23M€** turnover

**8** subsidiaries

**2** French factories (Annecy, Vierzon)

**700** new products per year

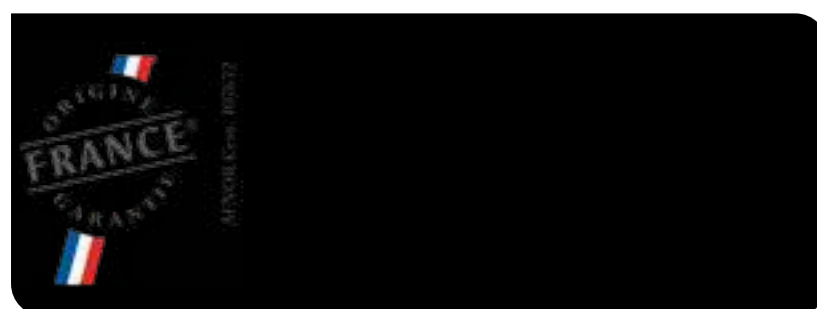

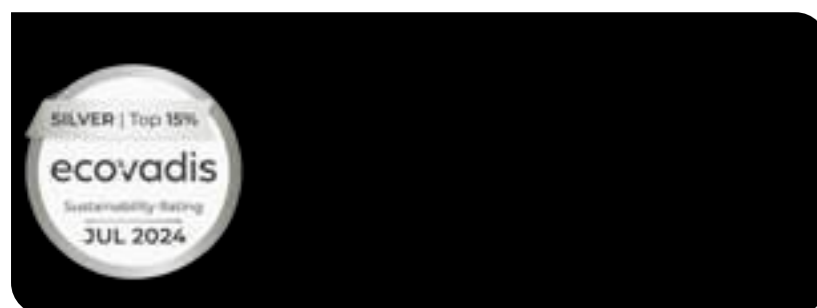

**40%** of our products made with recycled materials

**85** distributed countries

**100** employees

**53%** of women

**10** associate employees

## KEY DATES

**1993** MOBILIS® creates the first permanent protective cover for laptops

**1999** 1st factory in France: cutting, assembly and sewing workshop

**2008** Modernisation of the Méreau factory (18): integration of automatic cutting, laser cutting and CAD

**2015** Integration of 3D modelling and design

**2019** Opening of 2nd factory (zero waste) in France: expertise and plastic injection centre  
Moved 4 production lines from China back to France

**2021** MOBILIS® commits to the United Nations Global Compact

**2022** ECOVADIS evaluation, MOBILIS® ranked in the top 20% of companies in the sector for its CSR management system

**2023** 1st Carbon assessment

**2024** Acquisition of Tablette Store (www.tablette-store.com)

**2025** Creation of **SMARTLOOP™**: Internal recycling program

# OUR PRODUCTS ARE ECO-DESIGNED IN FRANCE

At **MOBILIS®**, we ensure that our products are virtuous throughout their life cycle. We analyse each stage from design to end of life to optimise our environmental impact as much as possible.

## CIRCULAR ECONOMY : WE RECYCLE YOUR CASES !

## SMARTLOOP™

An **INTERNAL** label for greater transparency!

At MOBILIS®, we are aware of our environmental impact. The production of our products generates 5,400 tonnes of CO<sub>2</sub>, representing 82% of our carbon footprint. Faced with this fact, we created SmartLoop™, an initiative aimed at maximising the integration of recycled materials in all our products and to ensure their recycling at the end of their life.

**What does this mean in practice?**

**MOBILIS®** already designs its products with an eco-designed approach and is committed to incorporating recycled materials into its entire range:

- **PROTECH, SPECTRUM, R SERIES CASES:**  
100% recyclable in our Annecy factory and fully reintegrated into the production cycle.
- **LUGGAGE & ACCESSORIES:**  
The percentage of recycled materials is expressed as a number of equivalent bottles (outer fabric and lining) and is transparently displayed on each product.

With SmartLoop™ each MOBILIS® product contributes to reducing our impact and transforming waste into sustainable solutions!

# WE THINK WE DESIGN WE MANUFACTURE

## CUSTOM & STANDARD SOLUTIONS

**3D DESIGN  
& QUICK PROTOTYPING**

**IN HOUSE,  
PLASTIC MOLDING**

**IN HOUSE,  
CUT, PASTE,  
SEW & ASSEMBLY**

**TESTING &  
QUALITY CONTROL**

## OUR MISSION

For three decades, MOBILIS® has helped thousands of companies protect their device and improve their portability.

**SAVE TIME AND MONEY  
ON MAINTENANCE COST**

**INCREASE END-USERS  
PRODUCTIVITY**

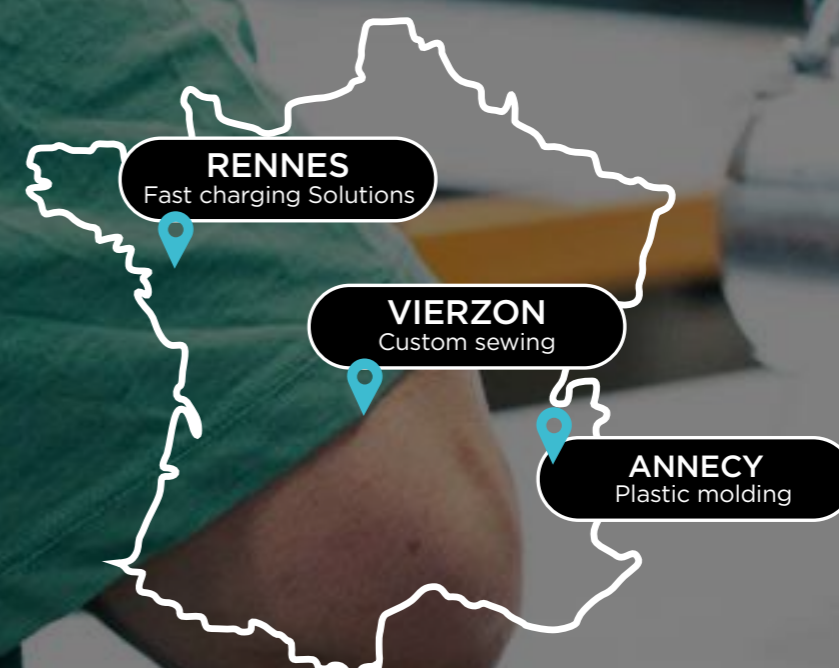

## ONE STOP FACTORY, IN-HOUSE KNOW HOW, FRENCH-MADE

AT MOBILIS®, WE BRING EVERYTHING TOGETHER UNDER ONE ROOF TO ENSURE FAST, HIGH-QUALITY, AND ECO-FRIENDLY PRODUCTION.

This setup allows us to:

- ✓ DEVELOP PRODUCTS EFFICIENTLY
- ✓ ENSURE HIGH-QUALITY TESTING
- ✓ MINIMIZE OUR CARBON FOOTPRINT

With all our services centralized, we can complete production in just 5 to 7 weeks, combining speed, quality, and environmental responsibility.

# NO MORE DROPS & SHOCKS

## PERFECT FIT FOR YOUR DEVICE

### FOR DECISION-MAKERS

**CONTROL OF MAINTENANCE COSTS**  
Our protective cases prevent breakage and therefore reduce repair costs.

**DROP RESISTANCE**  
 ✓ Drop test intensive use simulation  
 ✓ 90 cm/3ft high : desk use  
 ✓ 1.20 m/4ft high : stand up use  
 ✓ 1.80 m/6ft high : stand up use + scan action

**PRODUCTIVITY**  
A device that remains in use guarantees continual workflow, does not need to be replaced.

**DURABILITY**  
Protecting a device with a high-quality protective case extends its lifespan.

### FOR USERS

**EASY TO USE**  
Our protective cases, equipped with portability accessories, are easy to use in the work environment.

**MIL-STD 810G NORM**  
Robustness, reliability & durability testing of equipment.

**ENHANCED ACCESSIBILITY**  
Our protective cases do not need to be removed. All features, charging ports, buttons and scanners remain accessible.

**ANTIMICROBIAL**  
Antimicrobial materials maintain a high level of hygiene even when a device is shared.

**COMPATIBLE WITH MANUFACTURER DOCKING**

**MANUFACTURER TRIGGER COMPATIBLE**

# PROTECH

MADE IN FRANCE

PROTECH reinforced protective cases are the perfect compromise between protection, weight and usability. Flexible and light, they are perfectly adjusted and do not alter usability. MOBILIS® protective cases are made in our factories in France from recycled material, they are 100% recyclable !

## THE PERFECT CASE

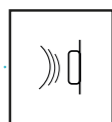

### AIRCELL SYSTEM

4 air pockets to absorb shocks. Up to **1 000 drops** from 1.50m/5ft

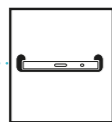

### RESPONSIVE BUTTONS

High tactile reactivity

### ADVANCED RAISED EDGES

Design to protect the screen and camera lens **in the event of falls**

### ECO-DESIGN

Case made with 30% recycled material & 100% recyclable

### HANDSTRAP READY

Handstrap compatible or included

### ANTIMICROBIAL PROTECTION

Sanitized® labeled technology: **reduces microbes by up to 99.9% in 24h**

### SHOULDER STRAP READY

## CREATED FOR ALL YOUR NEEDS

### FULL BACK COVER

**30X** MILITARY STANDARD **x800 DROPS** 1.80m 6ft

### HOT SWAP BATTERY & HANDSTRAP SHOULDER STRAP COMPATIBLE

**40X** MILITARY STANDARD **x1000 DROPS** 1.50m 5ft

### TRIGGER COMPATIBLE

**20X** MILITARY STANDARD **x300 DROPS** 1.50m 4ft

## COMPATIBLE WITH MANUFACTURER'S ACCESSORIES AND DOCKINGS

- ✓ ZEBRA
- ✓ HONEYWELL
- ✓ DATALOGIC
- ✓ SAMSUNG

## SMARTLOOP™

### PROTECH : WE RECYCLE YOUR CASE!

With SmartLoop™, PROTECH cases enter a truly sustainable loop: 30% recycled material and 100% recyclable in our Anney facility. At the end of life, each case is shredded, dedusted, cleaned, and ready to be re-injected to create a new PROTECH case. A smart and circular process that cuts environmental impact without compromising performance.

## PROTECH COLORED CASE IMPROVE YOUR BRAND'S VISIBILITY!

Personalise your protective case with the color of your choice.

### INCREASE VISIBILITY & SAFETY

- **Orange safety** Pantone 021C
- **Yellow safety** Pantone 803C
- **Green safety** Pantone 802C

### BOOST YOUR BRAND VISIBILITY

- **Green** Pantone 3292C
- **Red** Pantone 199C
- **Blue** Pantone 072C

### PROTECT WITH STYLE & DISCRETION

- **White** Pantone 0000
- **Light Grey** Pantone 429C
- **Dark Grey** Pantone 425C

# R SERIES

On a daily basis, R SERIES cases efficiently combine protection and elegance, thanks to their slim design and reinforced corner system. They offer reliable everyday durability without adding unnecessary bulk.

# TABLET CASES

## WHY USING A CASE ON YOUR TABLET?

In order to choose a suitable protective case, several factors must be taken into account: a level of protection that corresponds to your working environment, portability, weight and compatibility with the manufacturer's accessories and device.

We design custom-made protective cases with due regard to daily usage and working movements.

## FOR DECISION-MAKERS

**CONTROL OF MAINTENANCE COSTS**  
Our protective cases prevent breakage and therefore reduce repair costs.

**DROP RESISTANCE**  
✔ Drop test intensive use simulation  
✔ 90 cm/3ft high : desk use  
✔ 1.20 m/4ft high : stand up use  
✔ 1.80 m/6ft high : stand up use + scan action

**PRODUCTIVITY**  
A device that remains in use guarantees continual workflow, it does not need to be replaced.

**DURABILITY**  
Protecting a device with a high-quality protective case extends its lifespan.

## FOR USERS

**EASY TO USE**  
Our protective cases, equipped with portability accessories, are easy to use in the work environment.

**MIL-STD 810G NORM**  
Robustness, reliability & durability testing of equipment

**ENHANCED ACCESSIBILITY**  
Our protective cases do not need to be removed. All features, charging ports, buttons and scanners remain accessible.

**ANTIMICROBIAL**  
Antimicrobial materials maintain a high level of hygiene even when a device is shared.

**COMPATIBLE WITH MANUFACTURER DOCKING**

**MANUFACTURER TRIGGER COMPATIBLE**

# SCREEN PROTECTORS

## WHY USE A SCREEN PROTECTOR ?

Ensure optimal data capture performance with a flawless screen surface. Our screen protectors maintain perfect touchscreen responsiveness and optical clarity, preventing scratches or glare that can interfere with barcode scanning. Designed for professional use, they guarantee consistent accuracy and long-term reliability of your data capture devices.

# ENDS OF BREAKS & SCRATCHES

## TECHNOLOGIES FOR BETTER PROTECTION

**TEMPERED GLASS**  
*IK03 - 9H*

P.34

**ANTI SHOCK**  
*IK06 - 5H*

P.34

**NANO CERAMIC**  
*IK06 - 9H*

P.34

### WHAT IS IK NORM? SHOCK RESISTANCE INDEX (MECHANICAL IMPACTS)

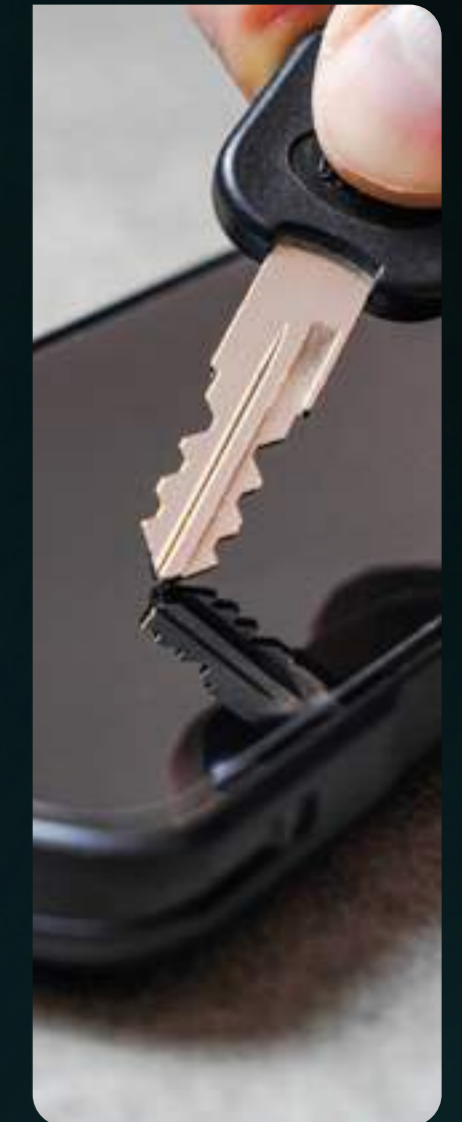

**IK 03** = Screen Protector // **Tempered Glass**  
Resistance to a 0.35J impact = mass of 0.25kg falling from 14 cm height.

**IK 06** = Screen Protector // **Anti-Shock & Nano ceramic**  
Resistance to a 1J impact = mass of 0.25kg falling from 40 cm height.

### WHAT IS «HARDNESS» OR «9H»?

Hardness is a physic quality indicating the resistance to touch, pressure, shearing, shock and wear... In other words mechanical issues! Hardness describes mineral, metal, materials, water... (The harder is Diamond - 10H).

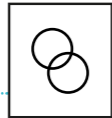

# TEMPERED GLASS *IK03 - 9H*

**IK03**  
Avoid screen breakage during falls or shocks (IK03)

**ANTI-SCRATCHES**  
Protection (9H hardness index)

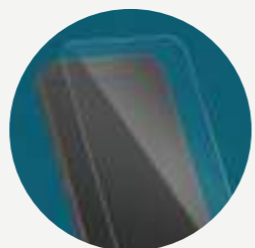

**ULTRA-CLEAR**  
high transparency for optimized screen quality

**OLEOPHOBIC**  
Repels water, grease, and dirt

## AVAILABLE IN 2 FINISHES

**CLEAR**  
increased visual clarity

**MATTE (ONLY ON DEMAND)**  
anti-glare & anti-fingerprint

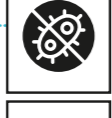

# ANTI-SHOCK IK06 *IK06 - 5H*

**UNBREAKABLE AND FLEXIBLE**  
best anti-shock protection on the market (IK06)

**ANTI-SHOCK**  
Protection (5H hardness index)

**ANTIMICROBIAL**  
Antimicrobial materials maintain a high level of hygiene even when a device is shared.

**OLEOPHOBIC**  
Repels water, grease, and dirt

## WHY USING A SCREEN PROTECTOR ?

91% of users have already broken a screen !

On average a screen costs :

- 500 € for a laptop
- 200 € for a tablet
- 100 € for a smartphone

Protecting the device 100% of the time increases its lifespan and thus improves the Total Cost of Ownership !

# NANO CERAMIC *IK06 - 9H*

## UNBREAKABLE

New Nano Ceramic technology highly resistant to abrasion thanks to its **9H hardness**. **IK06** anti-shock and anti-scratch standard. Resistance to a 1 joule impact = a mass of 1.25 kg falling from a height of 40 cm.

### ULTRA RESPONSIVE / SOFT TOUCH

Its ultra-thin design ensures perfect touch **sensitivity**, as if no protection were in place.

### OLEOPHOBIC

The nano-ceramic coating **repels water** and limits marks, making cleaning easier and reducing fingerprints.

### PERFECT FIT

It fits precisely around the screen for **optimal coverage**. Its flexible structure allows for quick installation without bubbles.

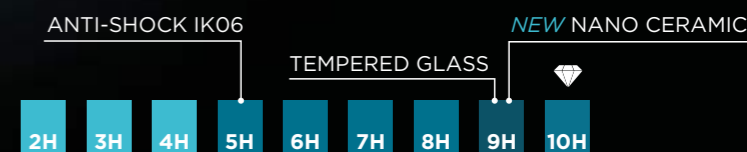

### CLEAR FINISH

Designed with high optical **transparency**, it faithfully preserves the colours and brightness of the screen. Limits glare.

## HYBRID

Combining IK06 resistance with the soft touch comfort of tempered glass.

**IK06**: anti-shock & anti-scratch  
**9H**: Nano-ceramic, highly resistant to abrasion

## FOR DECISION-MAKERS

#### Optimised TCO

The device is not likely to accidentally fall, resulting in less breakages and lower maintenance costs.

#### Improved productivity

A device within reach guarantees continuous workflow, facilitates movement and improves speed.

#### Unmatched value for money/durability

MOBILIS® mobile holsters are the highest rated on the market.

## WHY USE A HOLSTER?

Express delivery firms, postal services, warehouses, and logistics hubs are faced with a significant number of orders to prepare and parcels to be shipped. Quick, on hand access to your device, secured in a specific holster and adapted to your daily activities, proves beneficial for both businesses and users!

## FOR USERS

#### A daily time saver

Waste no more time looking for your device, it is always within easy reach.

#### Easy access

Our easy in / easy out bespoke transport solutions adapted to your interface enable you to use your device as many times as is necessary.

#### Product development and finishing touches adapted to your specific business requirements

Our mobile holsters enable you to wear your device more comfortably regardless of the frequency of your activities.

**T.K.maxx**

"From the moment MOBILIS® understood our initial need to improve the daily labeling and mark-down operations of our staff, they supported us by designing custom solutions tailored to our requirements. Thanks to their customized solutions, we equipped our teams with complete portability solutions that enhance productivity while ensuring compliance with usage and ergonomic standards. This has made their work safer and more efficient, keeping everything on their person and eliminating the risk of losing or dropping equipment in the aisles."

# PORTABILITY

## WHY USE ACCESSORIES?

On duty, every second counts. By facilitating the use of your mobile terminal for your daily activities, you improve both comfort and efficiency!

Gain in flexibility and keep your device within reach by adding a shoulder strap, a wrist mount or a belt. A clip system enables you to rapidly remove your device. A hands-on stylus allows for more accurate data entry whilst a phone support for your vehicle is extremely practical when following a precise route.

# DON'T DROP IT DON'T BREAK IT CARRY IT

## FOR DECISION-MAKERS

**Improved productivity**  
Increase efficiency with the right accessory.

**Safety first**  
Bring safety and comfort to users.

**An economical option**  
Choose a universal accessory to fit all devices.

## FOR USERS

**Guaranteed portability**  
Gain freedom of movement and facilitate your daily routine.

**Unequaled ease**  
Simplify data input and other operations.

**Speed in use**  
Improve efficiency.

## WHY USE A MOUNT ?

Designed to withstand the demands of tough environments, our universal mounting solutions keep your devices secure, accessible, and perfectly positioned. By reducing drops, improving ergonomics, and streamlining workflows, they provide a safe and efficient way to support mobility and boost productivity across every professional setting.

## FOR DECISION-MAKERS

**Improved productivity**  
Increase efficiency with the right accessory.

**Safety first**  
Bring safety and comfort to users.

**An economical option**  
Choose a universal accessory to fit all devices.

## FOR USERS

**Guaranteed portability**  
Gain freedom of movement and facilitate your daily routine.

**Unequaled ease**  
Simplify data input and other operations.

**Speed in use**  
Improve efficiency.

## CUSTOMIZE YOUR MOUNT !

# STANDARD SOLUTIONS

Standard mounts engineered for everyday performance.

## BUILD YOUR MOUNT

### IN JUST 3 STEPS!

MOBILIS® has developed a complete ecosystem of modular components and mounts that lets you use your devices anywhere, anytime. Engineered for flexibility and durability, these solutions keep your smartphones, tablets, and HHDs protected, accessible, and fully operational—helping workers stay connected and productive wherever the job takes them.

## STEP 1 SELECT THE SUPPORT THAT FITS YOUR DEVICE AND THE TYPE OF MOUNTING YOU NEED.

### MAGNETIC SUPPORTS

Energia Mobile Charge 65W Ball 20mm  
ref. 001123

Energia Mobile Passive Ball 20mm  
ref. 001124

Energia Tablet Charge 65W Ball 20mm  
ref. 001125

Energia Tablet Passive Ball 20mm  
ref. 001126

Magnetic Head Ø43 mm - Ball 20 mm + 1 mm metal plate  
ref. 001077

### SCREW-ON SUPPORTS

VESA Adapter Ball 20 mm  
ref. 001099

AMPS Ball Adapter 20 mm (AMPS 55x50 mm plate - 7 holes)  
ref. 001064

### CLIP-ON SUPPORTS

SecureClip Ball 20mm  
ref. 001127

ClipFast Ball 20mm  
ref. 001128

### OTHER SUPPORTS

Universal Smartphone Holder (Opening 56-85 mm) - Ball 20 mm  
ref. 001097

Hoster Forklift Ball 20mm  
ref. 001129

Universal Tablet Holder (7-11") - Ball 20 mm  
ref. 001060

### HOW TO CHOOSE THE RIGHT MOUNT FOR YOUR TABLET OR HHD?

Choosing the right in-vehicle mount is essential to ensure safety, stability, and ease of use. Here are the key factors to consider:

#### 1. DEFINE HOW THE DEVICE WILL BE USED

- ☑ Think about the primary purpose:
- ☑ Navigation
- ☑ Data entry
- ☑ Barcode scanning
- ☑ Viewing only or frequent interaction

#### 2. IDENTIFY THE MOUNTING LOCATION

- ☑ Dashboard mount - ideal for visibility and quick access
- ☑ Vent or windshield mount - easy to install, but less robust
- ☑ Seat-rail or floor mount - highly stable and professional-grade
- ☑ Headrest or rear area mount - for passenger or field operations

#### 3. CHECK COMPATIBILITY WITH YOUR DEVICE

- ☑ Device dimensions
- ☑ Weight (especially rugged tablets/HHDs)

#### 4. CHOOSE THE RIGHT FIXATION MECHANISM

- ☑ Magnetic supports
- ☑ Screw-on supports
- ☑ Clip-on supports
- ☑ Specific supports

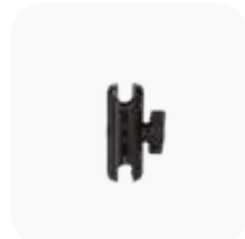

#### 5. THINK ABOUT CUSTOMIZATION OPTIONS

- ☑ Specific dashboards or support structures
- ☑ Industry needs (logistics, public safety, field operations)
- ☑ Unusual device shapes or accessories

## STEP 2 PICK AN ARM BASED ON THE REQUIRED POSITION, LENGTH, WEIGHT CAPACITY, AND REACH.

### BALL-COMPATIBLE ARM

Aluminum Arm Double End Ball 20 mm Coupler (7 cm length)  
ref. 001121

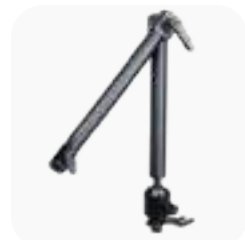

Aluminum Arm with Ball 20 mm Joint (length 14 cm - max load 2 kg)  
ref. 001061

Aluminum Arm with Ball 20mm Joint (length 23cm - max load 2kg)  
ref. 001062

Aluminium Extend Arm with Ball 20mm Joint (length 25 to 32cm - max load 2kg)  
ref. 001104

Aluminium Car Seat Rail Foldable Arm incl. AMPS Ball Adapter 20mm (length 2x24cm max load 1,5kg)  
ref. 001103

Aluminium Foldable Arm with Ball 20mm Joint (length 2x8cm - max load 1,5kg)  
ref. 001112

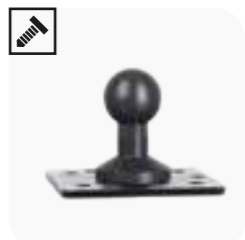

Aluminium Arm Extension (length 9,5cm) only compatible with ref. 001112  
ref. 001102

## STEP 3 SELECT THE BASE THAT BEST MATCHES YOUR MOUNTING LOCATION AND INSTALLATION SURFACE.

### SCREW-ON SUPPORTS

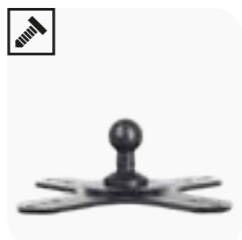

Cable Pass-through Screw Base - Ball 20 mm  
ref. 001107

AMPS Ball Adapter 20mm (AMPS pattern 55 x 50 mm plate 7 holes)  
ref. 001064

Drill Base with Ball 20mm Adapter (allow cable/wire to go through)  
ref. 001100

VESA Adapter - Ball 20mm  
ref. 001099

AMPS Ball Adapter 25mm (AMPS pattern 55 x 50 mm plate 7 holes)  
ref. 001120

### CLAMP SUPPORTS

Round Tube & Handlebar Adapter Ø20-32 mm Ball 20 mm  
ref. 001108

Clamp Adapter 0-40mm or Ø30mm Ball 20mm  
ref. 001068

Tube Clamp Ball Adapter Ø10-21mm Ball 20mm  
ref. 001109

Suction Cup Adapter Ø90mm Ball 20mm  
ref. 001063

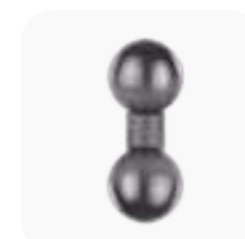

Magnetic Plate Ø88mm - Ball 20mm  
ref. 001076

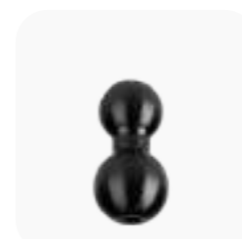

### OTHER SUPPORTS

## OPTIONS COMPATIBLE ACCESSORIES TO ADD TO YOUR BUNDLE

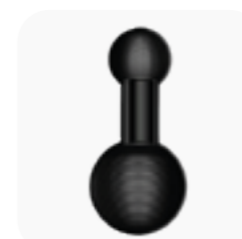

### DOUBLE BALL ADAPTERS

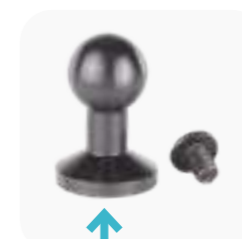

Double End Ball Adapter Ø20 to 20mm Joint  
ref. 001105

Double End Ball Adapter Ø17 to 20mm Joint  
ref. 001110

Double End Ball Adapter Ø17 to 25mm Joint  
ref. 001119

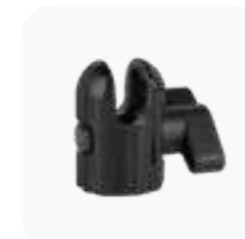

Ball 20mm Adapter with Hole (to screw from bottom to top)  
Ref. 001122

Ball 20mm Adapter with M6/M8 Hole (to screw from top to bottom)  
Ref. 001098

### CLAMPING HEAD

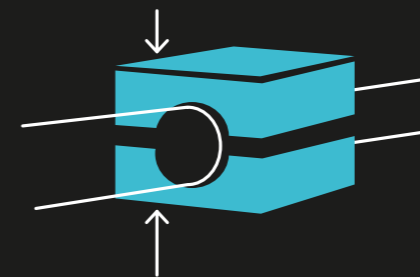

Aluminum Ball 20mm Joint Spare part  
ref. 001101

### WHAT ARE DOUBLE BALL ADAPTERS USED FOR?

Connect 2 arms and add a joint

### HOW DO TUBULAR CLAMPING SUPPORTS WORK?

They work using a collar or screw system that tightens around a tube to hold the accessory firmly in place.

**UPGRADE  
YOUR MOBILITY**

## WHY ENERGIA ?

Charging is a critical pillar of mobility for professionals — without power, mobile devices simply stop working. This is why ENERGIA is essential. Our clients need charging just as much as protection, especially when a single smart solution can power devices while also protecting them. To truly support mobile teams, we must address all four pillars of mobility: protection, ergonomics, transport, and charging. Overlooking even one of these pillars means risking the loss of performance, productivity, and client opportunities. ENERGIA ensures that devices stay powered, protected, and fully operational wherever the job takes them.

## FOR DECISION-MAKERS

**Improved productivity**  
Increase efficiency with the right accessory.

**Safety first**  
Bring safety and comfort to users.

**An economical option**  
Choose a universal accessory to fit all devices.

## FOR USERS

**Guaranteed portability**  
Gain freedom of movement and facilitate your daily routine.

**Unequaled ease**  
Simplify data input and other operations.

**Speed in use**  
Improve efficiency.

**EUROPEAN DIRECTIVE (No. 2022/2380/EU)**

Starting April 28, a new European directive comes into effect:  
**laptop manufacturers will no longer be required to include a charger with their devices.**

This measure aims to reduce electronic waste and encourage the use of universal chargers that users may already own. Consumers will be able to purchase a charger separately only if needed, contributing to a more eco-friendly approach.

## CHARGE

WITH ENERGIA MOBILE : RELOCATE THE USB-C PORT TO THE BACK OF YOUR SMARTPHONE.

Optimize the connectivity and charging of your device with the Magnetic POGO PIN Dongle (ref. 020006). Once connected to its mount, it ensures fast, stable, and lossless power delivery.

- Ultra-fast charging up to 65W via USB-C 2.0
- High-speed data transfer up to 480 Mbps
- Quick charge up to 80% battery in under 30 minutes

Thanks to its smart magnetic system, the dongle enables instant connection to all ENERGIA MOBILE ecosystem mounts, ensuring a smooth and seamless user experience.

## PROTECT

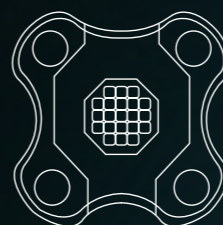

EXTEND THE LIFESPAN OF YOUR USB-C PORT.

Thanks to its magnetic connection system, the USB-C connector is effectively **protected from wear caused by repeated plugging and accidental disconnections.**

Engineered for performance, it withstands up to **100,000 usage cycles.**

Equipped with 4 strong magnets (each with a pulling force of 3.5 kg / 7G), it ensures a secure and reliable attachment to all ENERGIA ecosystem mounts.

- Charging stations
- Vehicle mounts
- Portability solutions

### UNIVERSAL COMPATIBILITY WITH ALL SMARTPHONES EQUIPPED WITH A USB-C PORT.

The ENERGIA MOBILE magnetic POGO receiver is the essential component for relocating the USB-C connector. It attaches directly to your phone or to a compatible MOBILIS® case.

## POGO (USB-C RECEIVER)

The magnetic receiver connector that allows your device to instantly connect to all mounts in the **Energia Mobile** ecosystem.

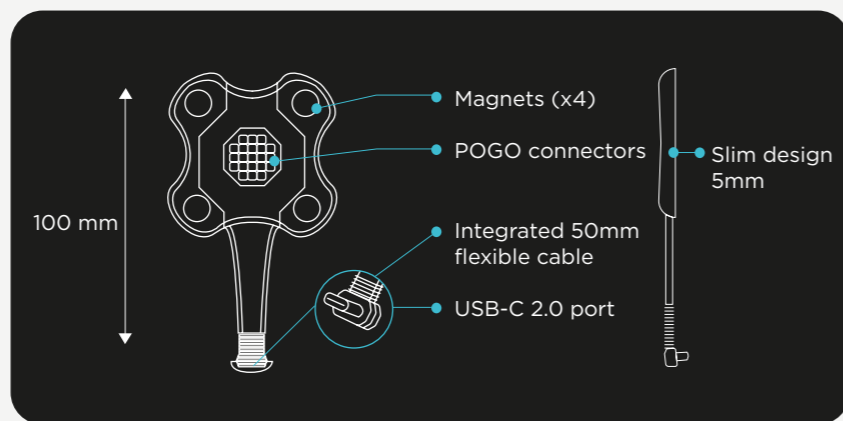

## MAGNETIC DONGLE

RECTO

VERSO  
(TO BE GLUED)

ref. 020006  
**Magnetic Pogo Pin Dongle**  
(USB-C receiver)

### SMART MAGNETIC INTERFACE

It protects and redirects the original USB-C port to the back of the device, enabling charging and data transfer without manual plugging—for an instant and seamless connection.

### EASY INSTALLATION

Quick, tool-free installation: easily attaches to the back of the device or its case using a 3M VHB adhesive, ensuring a durable hold with no need for readjustment.

# MOUNTS

WITH THE MAGNETIC DONGLE, MAKE YOUR SMARTPHONE COMPATIBLE WITH A WIDE RANGE OF CHARGING AND MOUNTING SOLUTIONS.

Position your device in a single motion with an **intuitive magnetic mounting system** designed to adapt to any situation.

Whether in the car, at the office, or on the go, mount and charge your phone effortlessly. It stays secure, within reach, and ready to use at all times.

Take advantage of universal charging stations that can **power multiple devices simultaneously**, simplifying the management of your entire mobile fleet.

# MOUNTS

## CHARGING AIRVENT MOUNT 65W

ref. 020007  
**ENERGIA Mobile + Charging Airvent Mount 65W**

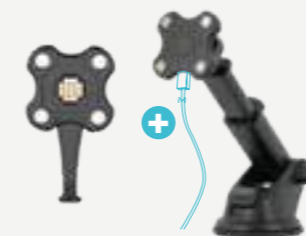

### CONTINUOUS FAST CHARGING

This air vent mount lets you optimally charge your device during your trips. Once attached to your vehicle's air vent, it provides fast charging through its built-in USB-C port. Simply connect it to your car's USB-C port or lighter socket using a cable (not included) for continuous power.

\*USB-C 2.0 - Data transfer up to 480 Mbps

## CHARGING SUCTION MOUNT 65W

ref. 020008  
**ENERGIA Mobile + Charging Suction Mount 65W**

### WINDSHIELD AND DASHBOARD

Enjoy optimal charging during your trips with this suction mount for windshield or dashboard. Equipped with a USB-C port, it allows you to charge your device while keeping it securely in place. For power, simply connect a cable (not included) to your vehicle's 12V lighter socket or directly to the USB port.

\* USB-C 2.0 - Data transfer up to 480 Mbps

## CHARGING TRIPOD & RING 65W

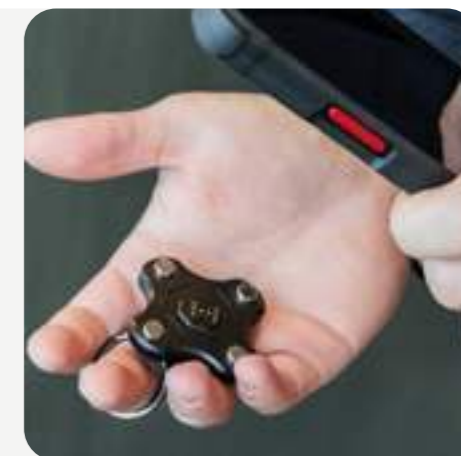

ref. 020009  
**Charging Tripod & Ring 65W - compatible ENERGIA Mobile**

### INNOVATIVE 3-IN-1 MOUNT

This mobile charger instantly attaches to the back of your smartphone or a compatible case using a magnetic POGO system.\*1 The integrated POGO connectors ensure precise alignment, enabling seamless power transfer between your phone and a compatible Energia Mobile magnetic POGO charging accessory.\*2 \*3

\*1 Adapter and cable not included.  
\*2 Ref: 020006 - Energia Mobile not included.  
\*3 USB-C 2.0 - Data transfer up to 480 Mbps

## MAGNETIC ARMBAND

ref. 020012  
**Magnetic Armband - Compatible ENERGIA Mobile**

### THE PERFECT SOLUTION FOR THE FIELD

The magnetic armband is specifically designed for professional environments that require **mobility and responsiveness**. It securely holds a smartphone or data terminal on the forearm, providing quick access to the device while **freeing the operator's hands**.

This solution is especially suited for **logistics, maintenance, and field operations**.

Adapter and cable not included.

# ZEBRA RFD40 SLED ADAPTER

## SLED SMART PIN eConnex™ ADAPTER

This premium solution combining an adaptive plate and an ENERGIA MOBILE dongle allows a smartphone to be magnetically connected to a Zebra RFD40 UHF RFID reader for simple, fast, and wireless use. Thanks to its Pogo Pin connection system compatible with eConnex™, it ensures smooth communication, perfectly suited to mobile environments or applications requiring high freedom of movement (inventory, stock management, logistics, etc.).

- ✓ ADAPTIVE SLED
- ✓ DATA TRANSMISSION
- ✓ UNIVERSAL COMPATIBILITY WITH ALL DEVICES EQUIPPED WITH A CENTRAL USB-C PORT

ref. 020019  
Energia Mobile - Zebra RFD40 Sled Smart Pin Adapter

## SLED BLUETOOTH® ADAPTER

The ENERGIA MOBILE adaptive sled provides a quick and ergonomic way to attach (and detach) the smartphone to the Zebra RFD40 reader. It securely holds the device magnetically while ensuring smooth and reliable communication — ideal for mobile environments or applications that require great freedom of movement (inventory, stock management, logistics, etc.).

- ✓ MAGNETIC MOUNTING SLED
- ✓ UNIVERSAL COMPATIBILITY WITH ALL MOBILE DEVICES
